Restaurangprislista från Byracka Vin

Vi älskar ärliga viner på druvor som odlas av eldsjälar.
Vinmakare som brinner för naturen, råvaran och att få spegla sitt unika ursprung.
Inga genvägar eller manipulation av det vi finner i glaset.
Vi vill stödja dem i det de gör så att de även i framtiden ska kunna fortsätta producera
drycker som vi kan dela med er.
